## ROB'S HOOKED ON METH

On the April 5 episode of *Keeping Up With the Kardashians*, the Kardashian clan was at a loss over how to help Rob with his weight issues and depression. But multiple sources tell *In Touch* that the 28-year-old's problems are far worse than they let on. "Rob is hooked on crystal meth. He's a drug addict," says a friend. Adds an insider close to the family: "His problems started because of his social anxiety. He began doing drugs to help cope with everything. But now his issues are all magnified." To make matters worse, Rob is refusing to admit that

"Rob's been struggling for the past two

... complete denial right now. Instead of listening to their warnings, she's made it clear that if anyone mentions her "problem" again, they'll be cut off," says a source close to the mom of two, 34, who has been supporting her parents, Joe, 57, and Tina, 55, and sis Ashlee (pictured left), 30, for years. "No one knows what to do because they want her to get help but they need her," adds a friend. "So for now, everyone is walking on pins and needles."
